# Protect, Support, Move

Follow the instructions to colour code and label the bones of the body, according to their function.

NOTE: If you do not want to print out the skeleton, instead write a list of the 3 bones that protect organs, the 1 bone that supports the body and the 6 main joints in the body.

skull
cranium

Task 1 - Protection

Label and colour in red the bones that protect organs in your body. (One has been done for you).

Task 2 - Support

Look at the bone coloured in blue. What is it called?

_____

Task 3 - Joints

Circle (o) the following joints in the body.

Circle the ball and socket joints in the skeleton in orange. (One has been done for you).

Circle the hinge joints in the skeleton in green. (One has been done for you).

Circle the gliding joints in the skeleton in purple. (One has been done for you).
