

## Year 5's Compassion Assembly

Emma- Good Morning Everybody.

Emma- Today we are going to be watching the video of Jesus Heals The Lepers.

Watch The Video.

Lucy-Now I hope that you have taken all of that in, as we are going to be testing you on the video in a minute.

Jake- We need ten volunteers. Please could you choose five ---- and we choose five.

Emma- ( to the volunteers) I am going to give each of you a letter.

Bella- These volunteers are going to hold up a jumbled word.

Emma- We need another volunteer who is going to make the word

Lucy- As a hint, Jesus showed this value to the lepers.

Bella- Now we are going to give you a minute to think about the word could be. By the way, it is one of our values.

Jake- --- please could you choose one volunteer who thinks they can make the word.

Let them make the word

Bella- That's right, now I want to talk to you about that word. Compassion means to be kind, to help others when they are down and to not bully someone. Before this assembly ends, I would just like to say today and any other day in your life, think about what you are going to say to someone, the slightest things could hurt. Also respect people for who they are. They can't change just because of one person. Now Lucy is going to say the prayer.

Lucy- Please could everyone put their hands together and close their eyes.

Dear God,

With your compassion to us and to others we will help and do a good deed today. Thank you for helping us through difficult times, and believing in us when we need the support,

Amen.

Max- We are going to be going out to Be Bold, Be Strong.
