

Comparing Diets

Compare the pie charts showing the nutrient needs of a human, dog and cat and answer the questions.

1. Who needs 30% fat in their diet?
2. Which animal needs more protein?
3. What is the percentage difference between the amount of carbohydrates needed by humans and dogs?
4. Can you think of an animal that would eat more protein than a cat?
5. What would happen if a dog ate the same amount of nutrients as a cat?
